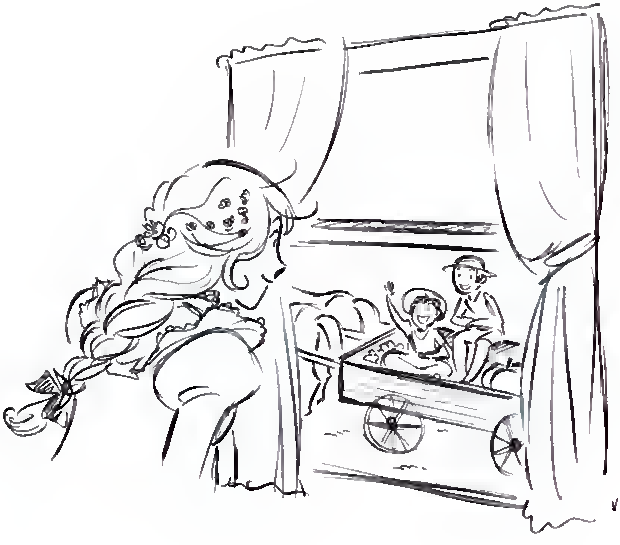
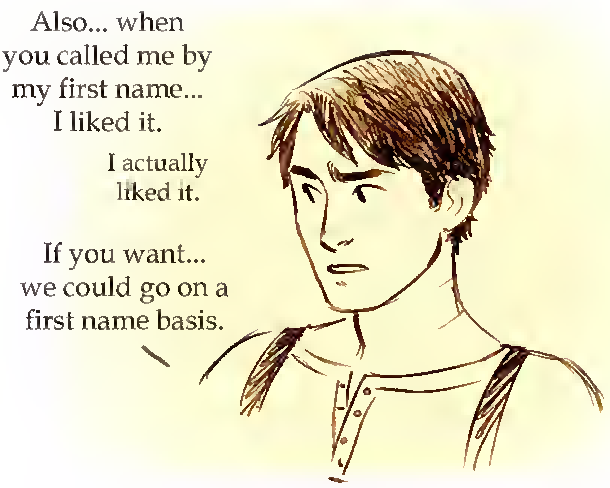
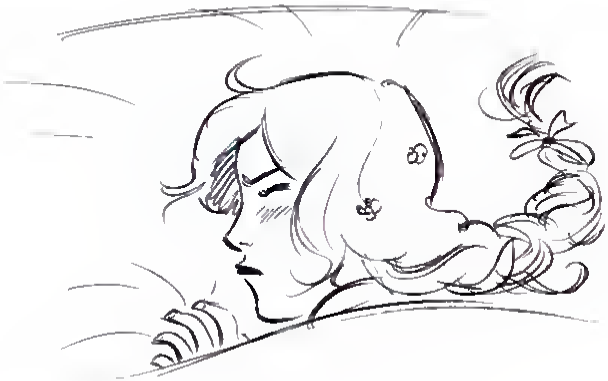
Ba-bump!
Ba-bump!



Yawn!



Also... when you called me by my first name... I liked it.
I actually liked it.
If you want... we could go on a first name basis.



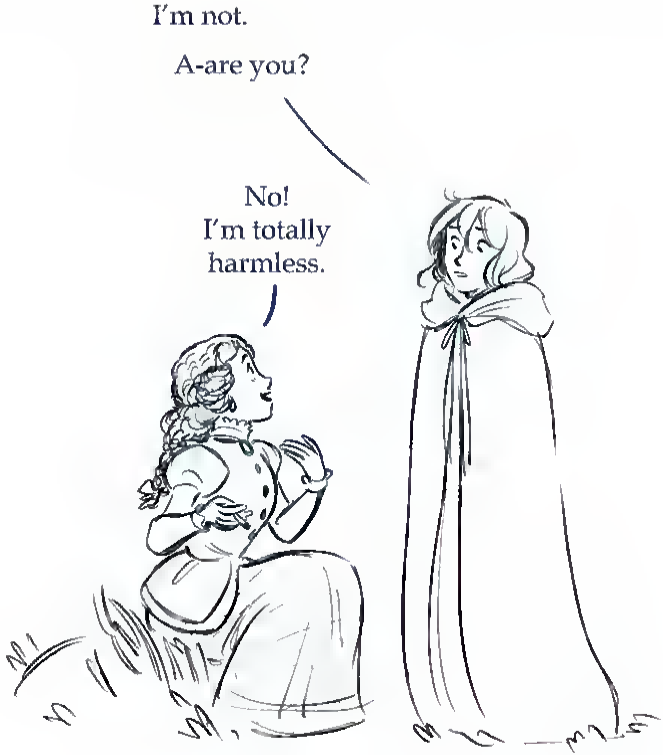
Would you like to come *with me* to the Havest party, *Andreas*?

I don't know how I should take that panicked look in your face, but...
It will be an honour, of course.

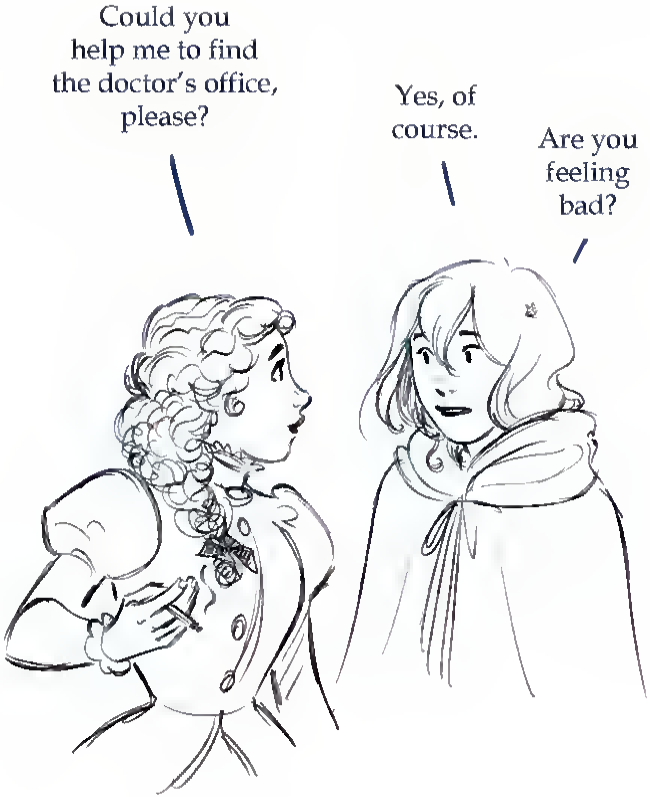
Liar!

Excuse me!

Are you a bandit looking for lost travellers?

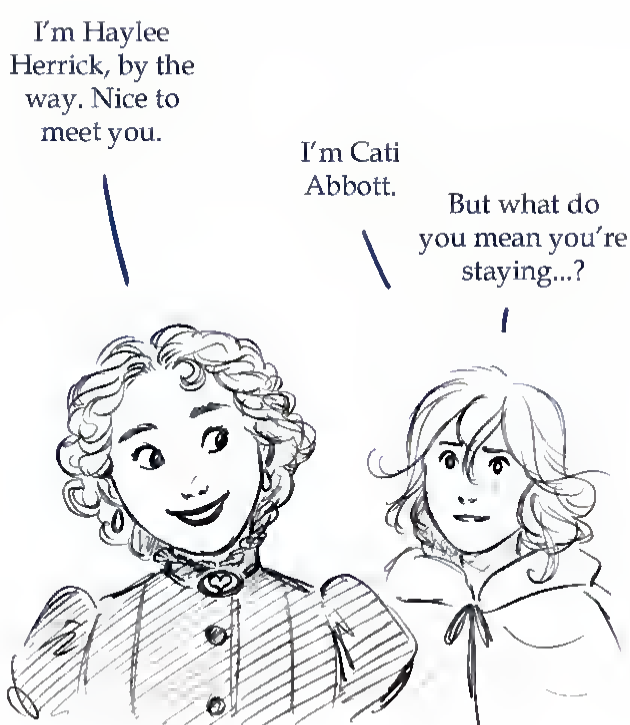


I'm not.
A-are you?
No!
I'm totally
harmless.



Could you help me to find the doctor's office, please?
Yes, of course.
Are you feeling bad?

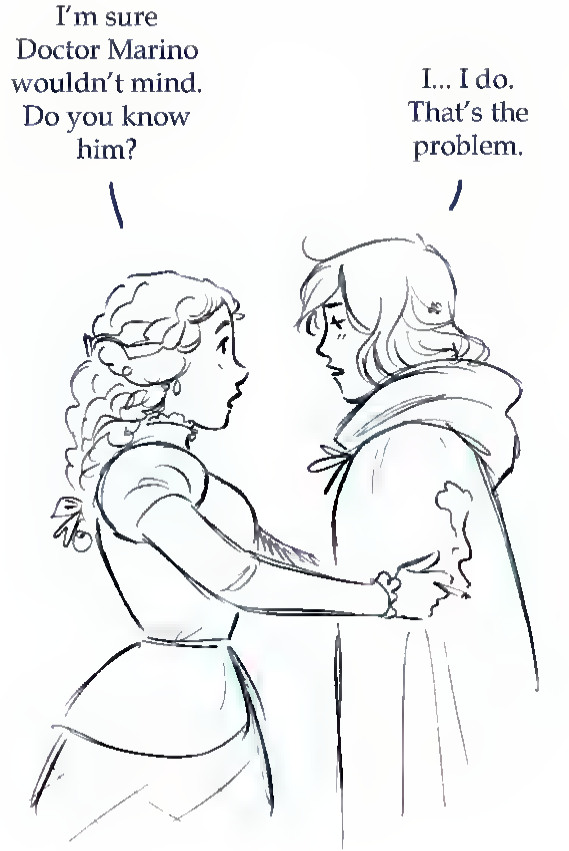
Oh, no,
I'm staying
there.
W-what?



I'm Haylee Herrick, by the way. Nice to meet you.
I'm Cati Abbott.
But what do you mean you're staying...?

I know, haha! You're wondering how could I get lost if I was taking a walk and-
Wait! That's the place, right?
Yes, but...
Let's go, the tea must be still warm.

I'm sorry, but I'm afraid I can't go further.
What? Why?



I'm sure Doctor Marino wouldn't mind. Do you know him?
I... I do. That's the problem.

He's not that bad! But I respect your decision.
I'm a very respectful person, you know? I support you, Miss Abbott.

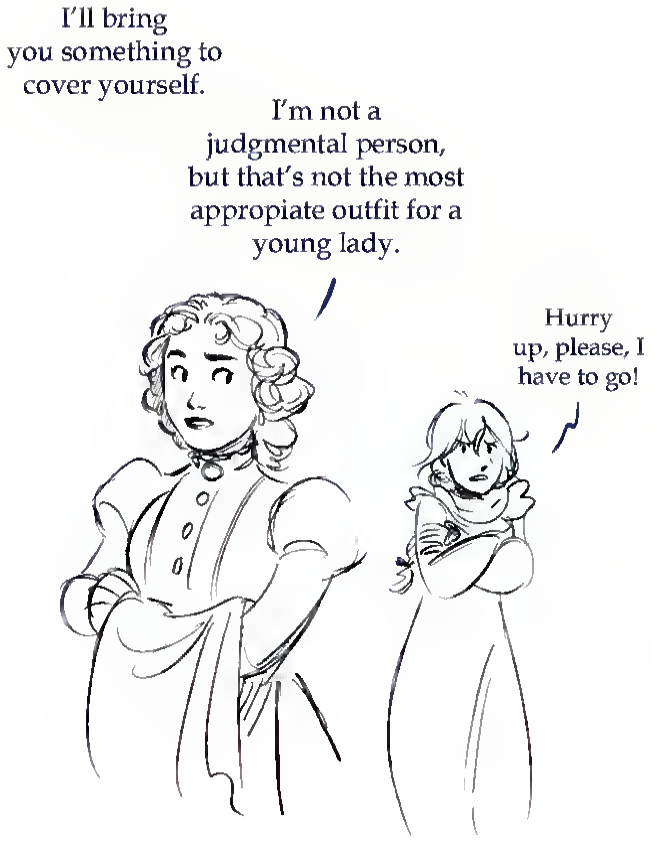
Thank you,
but... A-hem...
Waaah!

I'm so, so sorry! I only smoke when I'm nervous! Let me sew your cape!
Don't worry, it's really old.

Come inside, I'll sew it right now!
No, I can't go there!

I can't let you go like that!
What kind of person do you think I am?
You said you supported me!

Calm down, I'm not going to call Doctor Marino, ok?
But this is his home!



I'll bring you something to cover yourself.
I'm not a judgmental person, but that's not the most appropiate outfit for a young lady.
Hurry up, please, I have to go!

What
am I doing
here?!

Creeeek!
